# SOSRO's SCHOOL SENSATION

It was a cloudy & humid Thursday morning but it didn't stop the student's gusto for that day's event. The students were spotted busy setting up their stalls for the event's bazaar. The event that day was Fruit Tea School Sensation. Students from Grade 7 until Grade 12 were selling the food while the sponsor, Fruit Tea was selling their own brand's beverage that day. There were some teachers spotted selling their own homemade food that day. The teachers from the Chinese Department were spotted selling their mouthwatering homemade dumplings.

The event started by MCs Timmy Setiajaya and Clara Sioe then followed by a performance by St Nicholas' own dance team. The bazaar went on as some of the stu-

dent gave performances on stage. There were also games involving every class. It was around 10 AM when that day's special guest arrived. Ecoutez is a pop band based in Jakarta. The students were enthusiastic and they crowded in front of the stage. The band performed their hit songs along with cover songs and they interacted with the students. The event officially ended after the band finished performing and the MCs announcing the winner of the game which is class 12 Business.

## United Nation Day & Language Festival

# One World, United as One

By: Creselle P. Estepa

Every nation has diverse cultures. To remove these barriers, there are organizations that were established to build unity and peace among countries. One of these organizations is the United Nations.

On the 2nd of November, the Primary Department of Saint Nicholas School had celebrated the United Nations Day and Language Festival with the theme “One world, united as one.” This program united the teachers, students, parents and the Saint Nicholas Foundation representatives in celebration.

The program started with the march led by the foundation, principal, head teachers followed by the students together with their trainers wearing their traditional attire and costumes. Ms. Maria Theresa Bauzon, the principal of the Primary Division, gave a brief message about United Nations advocacy on world peace and unity. One of the highlights of the event in addition to the wearing of traditional clothes is the showcasing of talents. With the help of the teacher trainers, the students showcased varied dances from Korea, Europe, Philippines, America and Modern Dance. The other students showed their talents in singing, speech choir, poem recital, jazz chants and wushu.

During the program the students, teachers and parents were asked to join the community dance led by selected primary six students. It was a conclusion of how united we are as a community of peaceful people and nation. Pak Muji gave the closing remarks and gave thanks to all the teachers, staff, down to the office boys who have contributed for the success of the activity.

The Primary Division appreciated the flexibility of the parents through-out the program and their presence was ap-plauded as they attended

the event with the attire they were asked to wear. It could not have been more meaningful without the unending support of the parents. Furthermore, the efforts of the teachers in training the students were highly commendable. We look forward to another exciting activity for the next United Nations and Language Festival celebration in the coming school year.
